A Message

From the Executive Director
Dana Schutte

I could never have imagined how tumultuous my first year at SBAWP would be... while I expected a journey of firsts, I did not expect the unending challenges presented by a global pandemic.

I could never have imagined when I started at SBAWP last January that it would be a very long year of weathering one of the most difficult times in our country's history.

I could never have imagined sitting at a makeshift vaccine clinic watching on my cellphone as our Capitol was being stormed by fellow citizens.

I also could never have imagined the generosity of spirit that has prevailed and continues to sustain this organization as we navigate the uncertainties of these times.

I could never have imagined that amidst the chaos we could start to offer a service that provides jobs to the people we serve while also demonstrating to the public the self-sufficiency of people with disabilities... that our front-line employees would selflessly continue with their work despite the risk... that volunteers would make us masks... that sponsors would stand behind our events even when they were non-events... that we would find the funding and expertise to transition our technology to the new demands of remote work, online socialization, Zoom meetings, and telehealth... that we would provide opportunities for people to safely get together and enjoy golf, boating, ziplining, and Kennywood... that we could adapt our respite program to safely conduct overnight stays... that we could build a more robust website to serve as a link to those who couldn't reach us in person... that foundations would understand the need to repurpose their funding... that individual donors would call, just to see if we were okay.

Our new tag line, "Living Beyond Limits" challenged us to do just that... push forward, go around, under, over, or through... just get to the other side. As we absorb the lessons of these difficult times, we move forward as a stronger, more resilient organization. An organization with an army of supporters who showed up when we needed them, and despite facing their own challenges have answered the call to help others. An organization that serves people who have had to rise to challenges constantly, every day of their lives. Living Beyond Limits... imagine that.

2019 Annual *Chairman's Award* Presentation

SBAWP has been annually presenting its Chairman's Award to an individual, or group who has demonstrated extraordinary generosity to the improvement of the quality of life for individuals with disabilities since 1996.

On March 29, 2020 Joe McCormick, Chairman of the SBAWP Board of Directors, was originally to present the 2019 Chairman's Award to Sue Wood, PhD, RN, WCC, FAPWCA, WOC Nurse Clinician, at the SBAWP 7th Annual Afternoon Jamfest at Jergel's Rhythm Grille in front of SBAWP program participants, staff, friends and family. Unfortunately, the Covid-19 pandemic occurred and for the safety and health of our participants and supporters the event was cancelled.

Although the 2019 Chairman's Award was late in being presented to Sue Wood, the thoughts of appreciation are as timely as ever. Sue has been a familiar face at SBAWP for over 10 years. According to Sue, it all started when her new employer, a durable medical company, received the 2010 SBAWP newsletter with information on different programs for young adults and children. She had volunteered with similar programs for another organization in the past. And so, in 2010, Sue began volunteering for

SBAWP FireFly Camp as she utilized her specialty nursing skills to provide training and assist with any wounds, ostomy or skin problems. Sue, a colleague and two SBAWP employees were responsible for starting the FireFly Camp support group for campers and their families. Sue continues to provide training for the Summer Camp staff and yearly training for the SBAWP Community Service and Gatehouse staff.

As a nurse, Sue has enjoyed living out her lifelong dream of helping people for over 50 years. Upon graduating high school, Sue entered practical nursing school. She later went back to school and received her Registered Nurse degree. Eventually, she earned her doctorate in Health Administration. Sue worked in the hospital for 40 years before deciding to take a job at a durable medical company. She is currently employed at Adapthealth.

When Sue is not busy working for Adapthealth and volunteering at SBAWP fundraising events, she enjoys quality time with friends and family at her camp in Lake Erie. She loves the beach, sun and water. And, she makes some amazing pickles!

SBAWP wants to take this opportunity, on behalf of the SBAWP Board of Directors, staff, and campers to say "THANK YOU" to Sue Wood for her friendship, support and genuine heart to serve the very special individuals we serve.

Junior Chairman's Award

SBAWP began awarding the SBAWP Junior Chairman's Award in 2016 to recognize students or youth who contribute to the SBAWP community through service. Brandon Noll and Tanner Spratt were the first recipients of the award in 2016 when they organized the first Noll-Spratt Golf Scramble for their senior project.

Joe McCormick, Chairman of the SBAWP Board of Directors, was to present the 2019 Junior Chairman's Award at the 7th Annual Afternoon JamFest at Jergel's which was cancelled due to the pandemic. Award recipients, Jordin Noll and Rebecca Spratt were to be recognized for carrying on the tradition of organizing the Noll-Spratt Golf Scramble in June 2019 for their senior project. Joe McCormick was able to present the award to both Jordin and Rebecca at their 2020 High School family graduation celebration and to extend SBAWP thanks for their families' continued support of the SBAWP FireFly Summer Camp Program.

Here is a message from Jordin Noll about what she has been doing lately: "I am currently a second semester freshman at Slippery Rock University and am studying Public Health: Pre-Physician Assistant.

At the beginning of this year, I moved into an off-campus apartment with three other girls. While the majority of my classes are online, my roommates and I are doing our best to make the most out of college years as they unfold during the pandemic.”

Here is a message from Rebecca Spratt about what she has been up to since the 2019 Noll-Spratt Golf Scramble: “Hello, I hope everyone is well as we head into the new year! Since planning the annual Noll-Spratt golf outing in June of 2019, I graduated from Rochester High School as Salutatorian. In August, I moved to Pittsburgh, where I began my freshman year as a student in the Duquesne University School of Pharmacy. I finished off the semester on the Dean’s List and headed back home where I will be starting the spring semester of school. Though the events of this year were unpredictable, I have enjoyed the opportunity to spend more time at home with my family and friends and the chance to still actively take classes at my home dance studio.”

SBAWP sends our best wishes to Jordin and Rebecca for continued success in all they do!

Recognition

While we were unable to come together in 2020 to recognize and celebrate individuals who have made a difference at SBAWP, we were able to get together on a smaller scale on several occasions to extend our personal thanks and present awards.

Sally Bayuk, former Executive Director, started as a part-time accountant in 2010. In 2017, she assumed the role of Executive Director. Since her departure from SBAWP, she has served as an Advisory Member to the Board of Directors. In the summer of 2020, Sally was recognized by both SBAWP staff and the Board of Directors for her “service and commitment to SBAWP” during her 10-year tenure.

Rebecca Crim, former Director of Development, was recognized for her 23 years of “service and tireless dedication” to individuals with spina bifida and related disabilities. Rebecca began as a camp counselor in 1996. Over the next 23 years, she touched every part of SBAWP with her love and compassion for the individuals we serve. She used her professional level of leadership to coordinate the program components for SBAWP FireFly Camps and Retreats, the Blue Prints Program and the Family School Partnership Program. She continues to serve SBAWP as a Director on the SBAWP Board of Directors.

In her 11 years with SBAWP, **Jessica Schlie** wore many hats from camp counselor to STRIVE Program Manager to Community Service and Support Manager to Quality Compliance Manager. Jessica had a genuine passion for SBAWP Program participants and a gift for organizing program activities. Jessica resigned in early 2020 to dedicate herself to her full-time position with the Girl Scouts of Western PA and her mother.

Diana Priganc celebrated 20 years with SBAWP in February 2020 as our Financial Coordinator. We celebrated her “service and tireless, professional and personal, dedication” to the individuals we serve. Diana is a familiar face at all SBAWP fundraisers, weekend retreats and summer camp. She generously gives her time, talents and treasures to all. We can’t decide if we like her “famous” Chocolate Chip cookies or her Snickerdoodles better.

In Memory

Ann Hill

Ann Hill, a 1998 graduate of The Gatehouse Program, passed away on November 28, 2019. Ann was originally from Newtown Square, PA. After graduating from The Gatehouse Program, Ann relocated to an apartment in Allison Park and attended Community College of Allegheny College where she worked hard and obtained a certificate in childcare. Later, Ann was made aware of a young adult with spina bifida, who attended her high school, who's family needed financial assistance to send their child to The Gatehouse Program. Ann began providing scholarships for individuals to attend. Ann's family has generously decided to continue the work that Ann started at The Gatehouse. To honor Ann's memory, SBAWP has renamed the Life Skills Program to The Ann Hill Life Skills Program.

Karaoke 2012 Rebecca Crim, Jody Ahern, and Ann Hill

The Ann Hill Life Skills Program will continue to assist The Gatehouse residents to prepare for adult life and future success by developing the following individualized goals: how to cook and do their own laundry, manage a household budget, develop job skills and search for employment, develop social skills, manage their health, further their education, find a place to live, and enjoy recreational activities in a supportive setting away from home.

Ann's original decision to give back to the SBAWP community has made a difference in many past Gatehouse residents lives and will now continue to do so. Ann is missed by her family, friends and staff at SBAWP.

Brad Harriger

Gatehouse resident, Brad Harriger, passed away suddenly on Tuesday, January 5, 2021. He was the son of Maxine Harriger and the late Gary Harriger of Sligo, PA. Brad attended the Gatehouse following his high school graduation in June of 1993 to August of 1993. He returned

to the Gatehouse in November of 2015 following a change to his medical condition. While we are all shocked by his passing, we would like to

take the opportunity to remember him and the truly caring person he was.

Jody Ahern (Gatehouse Manager) and Corey Rice (Gatehouse Assistant Manager) reflected back on Brad and said, "Brad was always a quiet on-looker. He was quick witted and very intelligent particularly about the things he was passionate about such as sports, technology, the latest movies and current events. He was always on top of the times. He loved sharing funny memes with all his housemates and staff. Once Brad would start laughing, it was hard to get him to stop! He was friendly to everyone, and did not have a mean bone in his body. We've never saw him upset, frustrated or angry. Brad was strong in his faith and going to church was one of his favorite things to do each week. He had a strong love for his mom and family. He was just an all-around pleasant guy, and was loved by all of us."

Brad will be missed by his family, friends, and everyone at the SBAWP.

Ongoing Commitment to *Health and Wellness* at SBAWP

2020 was an unprecedented year. The COVID-19 pandemic changed our world, and challenged each and every one of us to instantly adapt. It is for this reason that SBAWP, with the help of staff and volunteers, made modifications to the Health and Wellness program in order to provide safe and effective ways to meet the needs of the residents of the Gatehouse and Fithian House. Like many other organizations, SBAWP pivoted from providing in-person meetings to offering programming virtually and/or through a hybrid model.

Sara Izzo, Research Associate at the University of Pittsburgh Rehabilitation Science and Technology, once again held a Healthy Cooking Class, but this time she did it via Zoom with the help of Theresa Crytzer, SBAWP Housing, Inc.

Sara Izzo

Board Director. Prior to the Zoom virtual cooking class held on August 23, 2020, Sara shared the recipe for Slow Cooked Latin Chuck Steak and Pinto Beans. SBAWP staff prepared the

recipe in advance for residents to taste and be prepared to make comments or ask questions during the Zoom class. Residents enjoyed good food, good information and all while practicing safe, social distancing guidelines!

Dan McCoy, Certified Personal Trainer, Director of Player Development for Mighty Penguins Sled Hockey Organization, Paralympic Gold Medalist, Research Coordinator Human Engineering Research Laboratories, has been facilitating weekly exercise classes using latex-free

stretch bands to strengthen residents upper and lower body. The classes were originally in person and involved partnering exercises. In response to the Covid-19 safety guidelines, Dan modified the exercises and arranged to hold the classes via Zoom from his home. Residents look forward to the weekly classes, and have started their own exercise program to follow on the days they are not meeting with Dan.

Theresa Crytzer, Assistant Professor University of Pittsburgh School of Health and Rehabilitation Sciences Rehabilitation Science and Technology Human Engineering Research Laboratories, arranged for nutritional/cooking classes, assisted with in-person exercise classes, and grants for the Wellness Program. Theresa has been a familiar face at SBAWP since 2010 when she started working with program participants on a Game cycle we received through a grant from the Christopher Reeves Foundation.

Dan McCoy and Theresa Crytzer serve as Directors on the SBAWP Housing, Inc Board (an affiliate company of SBAWP) and Program Committee. They were both instrumental in establishing the Health and Wellness Program in January 2019. Together, they facilitated monthly meetings with residents of both the Fithian House and Gatehouse.

Both Dan McCoy and Theresa Crytzer are passionate about the Health and Wellness Program

and its participants. It is for this reason that the SBAWP Housing, Inc. Board of Directors established and awarded each of them the Chairman's Outstanding Community Service Award in recognition and appreciation of their support of the Health and Wellness Program.

When asked why she is committed to the SBAWP and the Health and Wellness Program, Theresa responded, "SBAWP is close to my heart as I've been blessed with getting to know many of the residents and staff throughout the years and care deeply about their welfare. As

Theresa Crytzer

a researcher and a physical therapist, I have learned that people with spina bifida across the nation are less physically active and at greater risk for cardiometabolic disease and other secondary health conditions and there are many barriers to physical fitness

and a healthy diet that could help reduce risks. Through the Health and Wellness Program, I support the amazing efforts of Sara Izzo and Dan McCoy and the staff at SBAWP in encouraging a healthy lifestyle through providing

Dan McCoy, Chariman's Award

accessible, motivating, educational programming on exercise and nutrition that can address the barriers that residents may face in achieving their healthy lifestyle goals."

When asked why he is committed to the SBAWP and the Health and Wellness Program, Dan responded, "Having spina bifida and hydrocephalus since birth myself, I have personally lived and seen the benefits that a structured health and wellness plan can have on a person throughout development and into adult years. Along with that, I have been able to work with various individuals with disabilities, primarily spina bifida and have observed the positive impact health and wellness has had on their mental and physical health. It is because of this that I am committed to working with individuals in the SBAWP Health and Wellness Program to help them develop and improve on their own health and wellness lifestyles and help them achieve their own goals! Working with the folks in the SBAWP Health and Wellness Program is the exact reason I became a personal trainer."

Despite the many challenges of 2020, SBAWP has received many blessings. We have much to be thankful for especially dedicated Board members and supporters of our Health and Wellness Program.

Special Events

7th Annual Afternoon JamFest

2020 was a difficult year for everyone around the world, and it was no different at SBAWP. Leading up to the COVID-19 Pandemic, we were planning the 7th Annual Afternoon JamFest at Jergel's featuring The Funky Uncles on March 19th. We postponed the JamFest to August 2nd, but as we grew closer to that date, we learned that our venue was not allowed to host events, and we had to cancel. We are grateful to those who sponsored the event to support the programs we offer at SBAWP. We hope to be able to come together later in 2021 when we can enjoy the music and the venue patio, on Sunday, June 13, 2021 at Jergel's.

3rd Annual Shoot for SBAWP

As restrictions started to loosen up in Pennsylvania, we were able to hold our 3rd Annual Shoot for SBAWP on Wednesday, September 9, 2020 at Seven Springs. We had beautiful weather for the clayshoot with 29 shooters. A special thanks to our sponsors and shooters for your continued support of SBAWP and this event. We are looking forward to seeing you all in the Spring for the 4th Annual Shoot for SBAWP on Sunday, May 23, 2021 at Seven Springs!

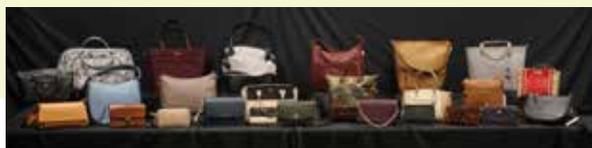

5th Annual Noll-Spratt Golf Scramble

The 5th Annual Noll-Spratt Golf Scramble was originally scheduled for June 2020, but was postponed until Saturday, September 26, 2020. We had great weather and a well-attended event with 19 teams supporting the FireFly Camps and Retreats fundraiser. Thank you to the Noll and Spratt families and our sponsors for helping make this event successful yet again. We look forward to coming together again on Saturday, September 18, 2021 at the Beaver Valley Golf Club.

7th Annual Girlfriends for Good Purse Bash

The 7th Annual Girlfriends for Good Purse Bash was very different this year as our traditional venue was not able to open for events. In October, we had all of the purses purchased or donated and decided the show must go on, so we hosted our first (and hopefully last) virtual event. We couldn't have done it without our master of ceremonies: Karen Brackett of NexTier Bank and her sister, Carol Aigner. Thank you to our sponsors and everyone who continued to support this fundraiser event. We look forward to coming together again in 2021 at St. Ferdinand's Odenski Hall on Saturday, November 13, 2021.

A History of Support and Events Continues as Longtime Friends of SBAWP Come Together for a Non-Event Fundraiser

"As we experience this generation-defining moment in history, it is not only the crisis that we will remember, but our response to it. We are all coping with this change in different ways, but we are all in this together as we responsibly practice social distancing." This was the opening paragraph of the invitation letter dated May 18, 2020 for the 32nd Annual Spina Bifida Annual John L. Moroney III Memorial Golf Classic to be held at the Hickory Heights Golf Club.

It was with a sad heart that we notified all the regular sponsors and attendees that we would not be able to come together for our usual day of good food and good fun to benefit the youth and teen with spina bifida and related disabilities who attend the local Fire-Fly Summer Camps. But, the dollars that were annually raised by the Boilermakers Local 154, Steamfitters Local 449 and the Ironworkers Local 3 from this event were still needed... more so than ever!

Therefore, instead of coming together on Monday, July 27, 2020, we asked past attendees and sponsors to help support our 2020 Memorial Golf Classic as a non-event fundraiser. And, thanks to Dan Quinn, retired Financial Secretary-Treasurer/Business Agent for the Boilermakers and John Hughes, Business Manager for the Boilermakers Local 154, the non-event was a success! The Covid-19 pandemic did not dampen Dan's enthusiasm in networking and fundraising for this non-event. Dan continued to be committed to the SBAWP as he had seen first-hand the joys, struggles and uncertainties of raising a child

with a disability through his connection with John L. Moroney II and his family.

Once again, the original organizers of the Memorial Golf Classic, along with sponsors and donors contributed to the success and longevity of this local grassroots fundraiser in successfully raising \$17,000. The relationship between the SBAWP and the Boilermakers, Steamfitters and the Ironworkers local unions has a rich history of members, families and friends who continue to give back to their community and the SBAWP community. Together we were able to provide program participants exciting adventures, amazing friends and staff and personal achievements while following the Covid-19 social distancing guidelines.

We missed seeing our sponsors, volunteers, donors and other event friends and supporters, but please know that plans have already begun for the 33rd Annual John L. Moroney III Memorial Golf Classic scheduled for July 26, 2021 at the Hickory Heights Golf Club, Bridgeville, PA. We will, of course, continue to monitor the pandemic situation to ensure we are practicing social distancing if we are able to come together.

In the meantime, if you happen to see Dan Quinn out in the community, and he asks you for a sponsorship or donation for the 33rd Annual Memorial Golf Classic, please take a minute and thank him for his year-round support of SBAWP, the John L. Moroney III family, and SBAWP community members Jonathan, Aaron and Kelly. In the meantime, we at SBAWP say, "THANK YOU!" to Dan and all the 2020 sponsors and donors.

Sam Depe, Dan Quinn, Aaron Spang, John L. Moroney II, Jonathan Dulemba, Kelly Timms

FireFly Camps and Retreats

2020 presented many challenges for us personally to stay connected with family and friends. It is no different with our spina bifida family.

With the onset of COVID, we had to cancel many events this year including our beloved camp program, but that did not discourage us and we were soon able to get things up and running.

We planned some smaller activities. We had fun playing three-hole golf with friends which got us out of our comfort zone and into some welcomed sunshine.

In August, we went to Kennywood. It was a hit, even with smaller numbers we had lots of laughs, thrills and fun. Then off to camp Guyasuta for some fun on the zipline. I was amazed at the courage of our campers fearlessly soaring high above the ground with the greatest of ease.

As things started to open up in September, we enjoyed a day at the science center. We learned about creepy crawly things like spiders, the weather and the usual fun at all the exhibits. It was just nice to get out and see some old friends.

With the reopening of Camp Guyasuta, we were able to finally do weekend retreats while following all of the COVID guidelines to keep everyone safe.

Youth and teens kicked us off at the August retreat where we had so much fun with a summer camp theme: Keeping up with COVID. We tie-dyed bandanas that the campers could later wear as masks and made fun soaps to keep our hands clean.

In October, we had both Youth & Teen and Adult retreats. There was so much to do.

The Adults were treated to a police-escorted hayride down to the river where we took a scenic boat ride seeing the city from the water. Later there were campfires and costumes. We played Halloween bingo with lots of candy and treats.

Youth and teens had an extra special time when the camp was hosting a dog event. They were able to pet all the dogs as they passed by. What a great day!!!

Camp Guyasuta welcomed two new horses Beau and Yogi to the camp this year. All the campers enjoyed hearing about how to take care of them from Ranger Mike.

All and all, we made the most of 2020. We are looking forward to even more fun in 2021!

Hi, my name is Sue Garver and I am the new Manager of Youth Services/Outreach.

I previously worked for SBAWP as the Life Skills Coordinator at the Gatehouse Program for a year. My work there involved programs and services to help individuals become self -confident, and practical skills to be able to lead full and active lives in the community. I loved my work, and feel that my experience with the clients prepared me for my new position.

I feel strongly about the mission of SBAWP which is to improve the quality of life for people with spina bifida and related disabilities and their families by providing a continuum of direct service, education and advocacy.

I am excited about this new position, and how I can serve our community in another way. And, I look forward to meeting you all along this journey together.

WISH LIST ITEMS

- Acrylic paint
- Canvas for painting
- Brushes
- Cricket paper
- Jars
- Glass containers for crafts
- Elmer's White school glue
- Soap for making soap
